A good many will go up from Carson.

Hours Changed.

The hours of the workers at the car shops have been reduced from ten to eight hours with a corresponding reduction of wages.

Mr. Yerington called them together and stated that the general depression in business necessitated either a draft or a reduction in wages and hours and he left it to the men.

They chose to reduce hours and all remain at work.

STATE DEVELOPMENT.

An Important Meeting on the Comstock.

A number of representative men of the Comstock met at the Washoe Club rooms on Wednesday to formulate, ways and means to insure the future prosperity of vital Comstock interests and enhance the welfare of the entire community. The gentlemen present were J. B. Overton of the Virginia & Gold Hill Water Company, mining Superintendents J. H. Kinkaid, A. J. McDonel, P. Kervin, E. D. Boyle, J. B. Ryan, D. B. Lyman, S. L. Jones and C. C. Thomas of the Comstock Tunnel Company. Those present organized themselves into a Committee of the Whole by the appointment of D. B. Lyman as President, and James H. Kinkaid Secretary.

After organization the outlook of the mining interests of the Comstock was discussed pro and con. It was the universal opinion that urgent steps should be taken immediately to revive the drooping prosperity of the lode. It was thought a reduction of cost be made in freights and fares and railroad charges for transporting ores; also in the price of milling and the furnishing of water to the mining properties. With this end in view the following sub committee was appointed.

H. M. Yerington, to represent the railroad interest; J. B. Overton, on behalf of the Water Company; W. E. Sharon, the Union Mill and Mining Company; S. L. Jones, for the Jones interest; D. B. Lyman, on behalf of Mackey & Fair; and C. C. Thomas for the Comstock Tunnel Company.

It is expected the sub-committee will get together and discuss ways and means to secure reductions needed in various quarters to insure future prosperity of mining and milling.

Unless some definite end is arrived at in this direction, active operations in mining properties on the Comstock must practically cease. The sub-committee will meet the committee of the whole next Monday night and report progress in the matter given to them for consideration.

When your watch or clock needs repairing, consult Frank Blethen, of the Carson Exchange block. Frank is a skillful workman and moderate in his charges.

The New York Commercial Advertiser says: "The political leaders of Brooklyn and New York are all rolling in riches," and tersely adds, "Of course a large percentage of them should have been in the penitentiary years ago."

The Carson APPEAL supports Burlingame for Warden, the News, Frank McCullough, while the Tribune is non-committal.—Journal.

The Tribune is never any other way unless it has good and substantial reasons for taking sides.

The APPEAL receives numerous letters from people daily all over the State, which read something like this:

Send your paper during the session, can't get along without it.

Yours, etc.

A letter like this don't cause the APPEAL to be sent unless there are two dollars inclosed. Parties not getting the paper will know why.
